The citizens of Maumee have been circulating a paper for the purpose of raising sufficient funds to drill for gas within the corporate limits of the village, believing they will be able to find a sufficient supply to brace up their plant and make it able to supply the town. It is to be hoped they will be successful.

Ottawa Sentinel: The law in selecting a jury in many cases should be changed. It ought not to be that intelligent men who read, think, discuss and draw inferences as they do, should be excluded from a jury. The very fact that they do read, think and consider, makes them better jurors than those who do not.

The editor of the Fremont Messenger in a fit of desperation, caused no doubt by the pangs of poverty, penned the following plaintiff appeal to his delinquent subscribers: "Lives of great men oft remind us honest toil don't stand a chance, more we work we leave behind us bigger patches on our pants. On our pants, once new and glossy, now are patches of different hue; all because subscribers linger and won't pay us what is due. Then let us all be up and doing; send in your mite be ne'er so small, or when the snows of winter strike us we shall have no pants at all."

I yell "Take Kemp's Balm, the best cough cure," I always do when I hear a man cough, and I can't help it. I saved me and it will cure you. I was threatened with pneumonia last winter and it broke it up. It helps the children out when their throats are sore, cures their coughs, and tastes so good. The first dose helps you. So writes A. Our friend Kent Halliday is now employed as express messenger on the C. H. & D. R. R., between Tontogany and North Baltimore.

A crowd of young folks surprised Frankie and Henry Rhody at their house last Friday night. Music, singing and games, were the features of the evening, and refreshments were served at eleven o'clock. The guests departed at a late hour, having all enjoyed a pleasant evening.

Capt. Henry Root, who has been Master of the Wabash steamer Russell Sage for several years past, returned to his home in Perryburg on Tuesday last. The captain is looking very hearty and well. He has made 38 round trips between Buffalo and Toledo, and withal has had a very profitable and successful season. He is recognized as one of the most careful captains on the chain of lakes, and whenever a friend or passenger falls in with the genial captain he is sure of kind and hospitable care. May the hale and hearty captain live to close many more seasons before he "makes fast" in the port where storms do not come, is the wish of the JOURNAL and hosts of friends.

If Bob Ingersoll is correct in his belief, that there really is no hell, then we are convinced that some people will never get what they justly deserve. There are some people for whom a hell of the most approved plan will be too soft a place for them. We have in mind the brute who recently horribly mutilated Mr. Vav Sickle's old cow by cutting her tongue out. Any person who would be guilty of such a trick deserves the most terrible punishment that his satanic majesty and his host ofimps can possibly inflict, and we wouldn't mind being a sub for the devil just long enough to take a hand in the roasting operations. The cow was shot, to end her sufferings. No clue to perpetrator.

Miss Maud Wallace a young lady who has been making her home with the family of Jacob Schied, of Haskins, for the past three years, left home a few days since without giving any warning, and the peculiar part of it is, she changed her own clothing for a suit of men's clothes which she found about the house. She was finally discovered near Portage where she had been picked up by a kind hearted farmer named Drain, and had been allowed to remain at his home until she could find a better place. When word was received of the missing girl from Haskins, the supposed boy was questioned and finally acknowledged her sex. She was taken home. It is supposed she was suffering from a sudden attack of insanity. She has always borne a good character, and Mr. Schied says there was no trouble or any other cause that he knows of to cause her to leave in the manner she did unless it is temporary insanity.

"Ask and Ye Shall Receive."

Last week we hinted that we wouldn't get very mad if some one supplied us with honey to use on our slapsacks which were being manufactured to our order from a supply of buck, wheat sent us by friend Davenport.

The next morning after the JOURNAL had been mailed, in walked Rev. G. A. Adams and said "here's something for those slapsacks," and presented us with a quantity of the finest comb honey we ever sampled. Thus it will be seen the JOURNAL is an excellent advertising medium. F. E. Hollenbeck, the fighting editor, kicks because we wouldn't divide.
